Why The 2020 Census Matters
CENSUS 2020: WHY IT COUNTS

A Constitutional Requirement

14th Amendment requires “counting the whole number of persons” = everyone

“So Representatives and direct Taxes shall be apportioned among the several States which may be included within this Union, according to their respective Numbers…The actual Enumeration shall be made within three Years after the first Meeting of the Congress of the United States, and within every subsequent Term of ten Years, in such Manner as they shall by Law direct.”

–Article I, Section 2 of the Constitution of the United States
CENSUS 2020: WHY PHILANTHROPY COUNTS

Guides foundation strategies, research, investments, and evaluations

Steers ~ $800B annually in federal funding to states and localities

Determines political representation, used to monitor/enforce civil right laws

Why The 2020 Census Matters
“... demographic indicators from the Census Bureau strongly suggest that the philanthropic community played a vital role in the 2010 count, in ways that were likely to marshal participation and help improve census accuracy.”

FCI Best Practices & Lessons Learned (pg 3), May 2011
THE CENSUS IS NOT EQUAL OPPORTUNITY

**Overcount**
- Non-Hispanic Whites
- Homeowners (*proxy for higher income*)
- College students living away from home
- Older people

**Undercount** (*harder-to-count groups*)
- People of color; American Indians on reservations
- Young children (*ages 0-4*)
- Renters (*proxy for lower income*)
- Immigrant/LEP households
2020 CHALLENGES

“Count everyone once, only once, and in the right place”

- Internet as primary response option, addressing the digital divide
- Reduce number of field staff, larger territories
- Delayed communications plan
- Inadequate funding has affected census operations implementation
- Community reluctance

Why The 2020 Census Matters
Road to the 2020 Census

2020 Census Operational Timeline

March: Census Bureau delivers questions to Congress
April: Open 6 regional census centers
October: Full implementation of the communications program
October: Partnership specialists begin working for Census Bureau
January: Begin enumeration in remote Alaska
February: Group Quarters Operation begins
March: Update Leave begins
March: Internet Self-Response Begins
April 1: Census Day
May: Nonresponse Followup begins
December 31: Deliver apportionment counts to the President

Key census activities start in 2018 and continue through 2021

January-March: Open 40 area census offices
June-September: Open remaining 268 area census offices
August: Conduct in-field Address canvassing
March 31: Complete delivering Redistricting Summary Files to all states (P.L. 94-171)

Local action

State hubs

National hubs

Why The 2020 Census Matters
2020 NATIONAL PLAN OF ACTION

1. **Policy Improvements**: Advocating for adequate federal funding and sound strategic decision making by the federal government

2. **Expand the Base of Census Stakeholders**: Reaching out to and engaging funders, businesses, state and local elected officials, faith-based groups, and others

3. **Get Out The Count (GOTC)**: Supporting outreach and public education to improve response rates for the decennial 2020 census, particularly within hard to reach communities
NATIONAL FUNDER ENGAGEMENT

National funders are focused on HTC

- Develop culturally resonant messages
- Create a network of expert national “hub” organizations
- Use technology and analytics to assist in completion of the count
- Create a rapid response team and network
- Provide technical assistance for state and local funders
- Conduct communications and resource mapping
- Support a digital academy

National funders are empowering state and local funders to fund within their states and communities
RESOURCES FOR FUNDERS

Funder listserv
Technical assistance
Resources
• Funder toolkit
• Menu of options
• Templates e.g. RFPs, position descriptions
• Key 2020 Census Milestones & Funder Milestones

Webinars
• 2020 Census Operations Webinar Series
• 2020 Census Messaging Testing Results

Peer exchange
RESOURCES FOR FUNDERS

Census State Landscape Scan

• Six states: MI, MN, NJ, NM, NY, WA
• Interviewees included state based funders, PSOs, and stakeholders

Themes

• Don’t wait – start now.
• Invest in relationship building and co-creation with historically HTC groups
• Leverage existing infrastructure, but also look beyond the usual suspects to effectively reach historically undercounted communities.
• Assess and invest in capacity to coordinate census work other funders, PSOs, nonprofits, grassroots groups, businesses, civic infrastructure, state and local government.
• Address fears, but also create space for communities to leverage census as a tool for to generate powerful transformation.
Government has been doing it for 200 years. Why does the Census Bureau need help?

It’s government’s job. Why should we let them transfer one more thing to us?
We don’t fund political processes.

We’re concerned about affiliation with advocacy.
It doesn’t fit our funding priorities.

We are a place-based funder, so we can’t participate in pooled funds.
We don’t want to fund “one-offs”- What is the sustainability plan?

We’re concerned about being isolated if we fund.
FUNDER ENGAGEMENT

PARTICIPATE.

CONVENE.

INVEST.
